Must be kept away from flame or sparks.	
Suitable extinguishing media:	Form, CO ₂ , Dry Chemical and Water spray.
Not to be used extinguishing media:	Water (Jet)
Hazardous decomposition product :	Burning in insufficient air supply may produce toxic fume of carbon monoxide.
Protective equipment for Fire fighters :	Fire fighters should wear self-contained breathing apparatus to avoid inhalation of smoke and vapors.

6. ACCIDENTAL RELEASE MEASURES

Shut off all sources of ignition or open flame. Keep public away. For small spills, scrape spilled materials with disposal towels or dry sand. For large spills, dike and cover liquid with foam. Take up the spill by equipment made of plastics to avoid sparks and place in closed container. Prevent spills from entering sewers, watercourses or Low area to avoid pollution.

7. HANDLING AND STORAGE

Handling: Do not handle or store near an open flame, sources of heat or sources of ignition. Use only in the well-ventilated areas and wear proper protective equipment to avoid skin contact, eye contact and vapor inhalation.

Storage: Store containers in a cool and dark place. Keep containers closed.
